Old Business

1. Discuss draft scale drawing example George provided.

The Planning Board reviewed the drawing and guidelines that George provided to the board. Everyone thanked George for making these. There were two suggestion that The Board made to better clarify what they were looking for in a scale drawing. One of the suggestions was to make it so the shoreline would curve in toward the house. By doing this they can show that the board wants to know what the closest point is from the shoreline to the house. The other suggestions were changing some language in the guidelines to make it clearer.
