Petition: 142 Woodland Camp Road

The Board received a petition from residents and others concerning this property and have asked the Town to enforce laws and ordinances to force the owner to restore the property to original.

The Board cannot take action on the petition as presented; there were 23 valid signatures out of 190 needed. New information from the petitioners was provided January 2 via hand delivery to the Town Office which the Board did not have time to review. The CEO is the sole enforcement of code enforcement violations, he does a great job and the Board is appreciative of him.

The Board discussed having the Code Enforcement Officer map the concerns expressed in the letter with the history of the property, along with photos and have the Town Manager and CEO bring these to the Board at the first meeting in February.

#### Monthly Department Presentation - Code Enforcement, Hans Rasmussen

Code Enforcement Officer Hans Rasmussen gave an overview of activities and issues over the last several months to include the railroad washout, camp roads washed out during the rain event recently, the high water in our lakes, downed trees, spring re-vegetation.

Property owners with downed trees in the shoreland zone need to speak with Hans prior to removal and re-planting. Residents should take photos of the trees, before they are cut up and removed.

The biggest challenge immediately is storm cleanup of lake properties. Residents have 18 months to repair/rebuild and will need to get permits from code enforcement.

Hans has seen a 10% decrease in building permits and 10% increase in plumbing permits over the last year.

#### Petition: Resolution to Take Action on Climate Pollution

Bonnie Sammons was present to discuss the petition to be approved for the Annual Town Meeting Warrant:

"To see if the town will authorize the Board of Selectpersons to convey to Belgrade's state legislators, Members of Congress, Governor, and President of the United States that the town hereby calls upon our Federal elected representatives to enact Cash Back Carbon pricing legislation to protect Maine from the costs and environmental risks of continued climate inaction. Cash-Back Carbon Pricing charges fossil fuel producers for their carbon pollution and rebates the money collected to all residents on an equal basis with monthly dividend checks. The record of the vote approving this resolution shall be transmitted by written notice to the above mentioned parties by the Board of Selectpersons within 30 days of this vote."

In addition, she will provide information on this for inclusion in the next town newsletter.

#### CFAS Engineering RFP consideration

Discussion on continued repair and renovation of the center. This is a two-step process: first, create a building committee to explore what needs to be done and then put out an RFP for an engineer. The Board would like a 5- and 10-year plan to identify work that needs to be done, focusing on safety items as immediate needs.

The committee should include a Selectboard member (Melanie Jewell volunteered); Recreation Director Dan MacGlashing, a retired plumber, electrician, or contractor; someone independent from the public; Emergency Officer Jeremy Damren and Facilities Maintenance Manager Cory Alexander.

#### Town Report dedication, Lifetime Achievement Award(s)

Review and consideration from lists provided by Town Clerk Mary Vogel.

Motion to dedicate the 2024 Annual Town Report to Marie Pulsifer by Selectperson Melanie Jewell, seconded by Selectperson Peter Rushton, vote 5-0.

Motion to recognize Verna Lucille Jenney, Joan E. Megill, Barbara J. Workman and Vera Stuart as dedications in the 2024 Annual Town Report by Selectperson Melanie Jewell, seconded by Selectperson Peter Rushton, vote 5-0

#### Lifetime Achievement Awards:

Motion to present awards at Annual Town Meeting to Jack Sutton and Bill Pulsifer by Selectperson Melanie Jewell, seconded by Selectperson Peter Rushton, vote 5-0.

Framed certificates will be presented for lifetime achievement awards; a wall plaque with name plates will be placed in the town office as well.

#### **OTHER BUSINESS**

Selectperson Daniel Newman would like the town to include an ordinance restricting public camping on public property for the Annual Town Meeting. The Board agreed to have the Town Manager reach out to the town's attorney for warrant article and ordinance language and have ready for the January 8 budget meeting.

Town Manager review – the Board will meet independently in executive session at the January 16 meeting and then with the Town Manager at a future meeting for her one-year review (one year of service completed September 6, 2023).

#### WARRANTS

AP Warrant 153 \$79,096.06

Motion to approve warrant 153 in the amount of \$79,096.06 by Chair Barbara Allen, seconded by Vice Chair Carol Johnson, vote 5-0.

AP Warrant 1 \$626,847.46

Motion to approve warrant 1 in the amount of \$626,847.46 by Chair Barbara Allen, seconded by Vice Chair Carol Johnson, vote 5-0.

Payroll Warrant 2 \$23,875.59

Motion to approve warrant 2 in the amount of \$23,875.59 by Chair Barbara Allen, seconded by Vice Chair Carol Johnson, vote 5-0.

#### **TOWN MANAGER REPORT**

- Deadline for department and committee reports for the Annual Town Report is January 5
- Deadline for articles for the next newsletter is January 15
- Auditors will be here the week of January 22
- Next budget meeting is January 8

Here's looking to a prosperous and productive new year for Belgrade in 2024!

## Memo

### **Annual Town Meeting Warrant Articles, set Public Hearing Date**

The Selectboard and Budget Committee met January 8 to review and approve warrant articles for annual town meeting. The following articles were tabled for additional information.

We will need to set the public hearing date so that public notice can be made. Our Town Clerk, Mary Vogel has suggested February 6 which is the next regularly scheduled Selectboard meeting date.

#### **ARTICLE 10**

ORDINANCE - NO CAMPING PUBLIC PROPERTY

The Town's attorney sent over some examples for the Board's review, included in your packet. Once the Board decides on how they would like to proceed, the attorney will finalize an ordinance for review. This could be added to a warrant for the June voting cycle to give the Board additional time. Legal counsel's samples follow for your review and consideration.

#### Ordinance examples from legal counsel:

In considering a request for authorization to be on said property during these hours, the City Administrator shall consider the purpose of the request/use, whether the use would unreasonably disturb persons who occupy property adjacent to the property in question, whether the use will cause damage to the property from destruction or overuse, and whether adequate facilities exist to support the proposed use. When authorizing any such use, the City Administrator may designate the specific area within City property where the use shall be permitted, based upon the foregoing criteria.

(b) When any person causes or commits any of the conditions enumerated in subsection (a) of this section, a police officer or any law enforcement officer shall order that person to stop causing or committing such conditions and to move on or disperse. Any person who fails or refuses to obey such orders shall be guilty of a violation of this section.

Nothing in this Article shall prevent the enforcement official from obtaining voluntary compliance by way of warning, notice or education.

ARTICLE 13
To see if the town will set Friday, September 6, 2024, as the date 2024 property taxes are due. For taxes paid after September 6, 2024, interest will be charged at a rate of 8.5% per annum. Interest will continue until the tax and tax lien are paid in full. Additionally, to see if the Town will set the interest rate to be paid by the Town on taxes paid and later abated at 2% per annum. Interest will accrue from the date of the tax payment to the date the abated amount is refunded to the taxpayer.

Selectboard recommendation: YES NO ABSENT

The maximum rate allowed by the State of Maine for interest charged is 8.5%. The Board set the rate at 3.9% in 2023.

#### **ARTICLE 35**

To see if the Town will authorize the Board of Selectpersons or their designee to demolish the buildings and remove all debris on Town owned property located at 8 and 10 Dalton Road and to conduct any other necessary business required for this purpose.

There was some discussion at the January 8 meeting and a request for additional information on costs to bring these properties back to good condition. It was also suggested that the Town sell the building(s) as is and have them moved.

#### Options:

- To see if the Town will retain ownership of 8 and 10 Dalton and accept all responsibility for renovations and repairs, operations and operating expenses.
- To see if the town will demolish the building and remove all debris.
- To see if the Town will list the property with a real estate agent and sell to the highest qualified bidder with the right to reject any and all bids (buildings only, to be removed from property).

#### **ARTICLE 38**

Shall the Town create a special fund for the purchase of credit of municipal employees past employment with the town; authorize the Selectboard to make an agreement with the employees regarding how the town will share in the cost for this purchase in the Maine State Retirement System (MainePERS) and let the unexpended balance of this fund fall to the undesignated account?

Questions and discussion at the January 8 meeting about any additional eligible employees being added for the buy-back option; will the cost to buy back increase if employees wait to do so; can the town set a deadline for employees to make the decision to buy back.

MainePERS will calculate the buy-back costs for the three additional full-time employees (hired in 2023) and get that to me.

In addition, MainePERS provided updated article language.

#### From MainePERS:

Who is eligible for buy back with MePERS?

Any employee who is employed on the date that you add coverage for them will be eligible for the purchase of prior service for time worked for Belgrade before that date.

Is there a length of service minimum (1 year?)

Can the Town put a restriction on how long buy back is available to employees? If the Town is going to share in the purchase of the prior service with its employees, it can set parameters around what that is, but it needs to be 100% clear what the deal is to the employee and to MainePERS in that motion or agreement statement. So if the Town will only share with the employee in the cost of their prior service if the employee remits their portion of the purchase in full for the service to MainePERS by X date – you can put that in the agreement or motion you provide to us regarding the shared purchase.

Otherwise, an employee will have right up until they retire to make payment to purchase their prior service and if there is an agreement that the Town will share in the purchase of the service, we will bill the Town for its portion in full when the employee submits any payment toward theirs, partial or full.

In other words, the more specific the Town is regarding what it will pay under what conditions – the better for everyone.

The amounts provided for buy back – if an employee waits a year, two or three etc., does the buyback amount increase? Yes. Employees will have 30 days from the date you begin covering them, or the date we issue their cost letter to them, whichever is later, to make payment in full at the quoted cost. After that interest will accrue on any unpaid balance as of the effective date of the Town covering those employees at a rate of 6.5% per annum. For this reason it may be beneficial, if the Town wants to participate with employees if they purchase their service, for the Town to set a finite amount the Town will pay.

The Board can include in the warrant article a set amount they will contribute for each employee's buy back after a certain date (30 days?), and then the interest charged after that would be the responsibility of the employee.

Sample wording for Town of Belgrade's legislative body to add coverage for General Government Employees and Appointed Officials under their MainePERS Consolidated Participating Local District Plan

To see if the Town of Belgrade will vote to change its plan to add coverage for its full-time general government employees and appointed officials effective April 1, 2024.

The Town agrees to add coverage under Regular Plan AC for its full-time general government employees and appointed officials effective April 1, 2024. The Town will allow general government employees and appointed officials who join effective April 1, 2024 to purchase credit for past employment with the Town (prior service). The Town will share in the purchase of prior service credit for these employees based on the original cost provided to employees by MainePERS if the employee completes the purchase of their portion of the cost by March 31, 2026 or the date the terminate employment with the Town, whichever is sooner. Employees are responsible for any interest that accrues on the original cost provided by MainePERS. The Town will not share in the purchase of prior service for any eligible employee who has not completed the purchase of their portion of the original cost for their prior service plus any additional interest by March 31, 2026, or by the date they terminate employment with the Town, whichever is sooner. Town authorizes and directs the Select Board to determine how much the Town will contribute toward the purchase of each eligible employee's prior service at its next meeting and directs the Select Board to provide that information to each eligible employee and to MainePERS by the end of the business day immediately following that meeting. The Town will continue to provide Special Plan 3C to its full-time firefighters and emergency medical services employees. The limited period open enrollment provision the Town adopted upon joining MainePERS will apply to all MainePERS-eligible employees. All other employees, including elected officials, are excluded from participation at this time. The Town authorizes NAME, Town Manager or NAME, Select Board Chair to sign the amended agreement between the Town and Maine Public Employees Retirement System.

Article approved as written.

ARTICLE 40
To see if the Town will vote to repeal Article 52, adopted as a perpetuity article in 2020;

2020, Article 52: To see if the Town will vote to refund excess motor vehicle excise tax credits to the extent authorized by 36 MRSA 1482 (5)(D) and to authorize the Board of Selectpersons to pay those refunds from the undesignated fund. This authority shall remain in effect until repealed or replaced.

And vote to approve the following:

To see if the Town will vote to refund excess motor vehicle excise tax credits paid to the Town of Belgrade to the extent authorized by 36 MRSA 1482 (5)(D) and to authorize the Board of Selectpersons to pay those refunds from the undesignated fund. This authority shall remain in effect until repealed or replaced.

This estimate is based on the inspection performed by Corey Alexander on Sep 21 23. Mold growth was observed in the basement space on walls and ceiling. The basement damage is likely due to high humidity and lack of adequate dehumidification, as well as due to previous water damage. (Materials were dry/wet upon inspection)

#### Remediation will consist of the following:

#### Attic

- Containing the space using environmental controls (polyethylene sheeting)
- Removal of all attic insulation
- Installation of HEPA air scrubber to remove airborne spores and other contaminants
- HEPA vacuuming and/or damp wiping of all surfaces with antimicrobial product
- Aggressive cleaning/treatment of all impacted sheathing, rafters, and other framing with mold stain removal product
- Application of a clear antimicrobial sealant to all exposed sheathing/framing upon completion of hygienic cleaning

#### Bathroom

#### **EXTERNAL MESSAGE:**

#### Dear Mary;

Just a note to advise of my withdrawal from the Senior Resource Committee. I've enjoyed my time working with everyone who so generously gives their time and energy.

If my health were better, I would gladly give greater energy to the group, but working nearly full time and with great demands on me this past month, I'm just not able to devote a fair amount of effort to the group.

Thank you, Mary, for your great efforts. You do a tremendous job keeping all the details together and taking on a huge share of the work..

I'll keep posted on the events of the Committee and I know I'll enjoy participating in some; I especially liked the Christmas gathering and getting together with everyone.

Wishing everyone a happy and healthy upcoming year !  $\ensuremath{\mbox{\ensuremath{\mbox{o}}}}$

Included in your packet is a template used previously – a 'Land Use Purchase Installment Contract' which can be used for a payment schedule of more than **4 payments**. A land installment contract requires a municipality to go through a court-foreclosure proceeding in the event of default.

In addition, our attorney has provided another template which can be used for **4 payments or less** 'Tax Acquired Property Occupancy and Repurchase Agreement'.

The occupancy and repayment agreement (four or less payments) is a less risky option for municipalities, in that it attempts to avoid any of the foreclosure provisions and other obligations associated with a land installment contract. That said, municipalities may still choose to enter into a repayment agreement that is more than 4 payments for various reasons, including that the former owner may not be able to afford to pay in fewer payments, so it's best just to be aware of any risk of default and the process associated with foreclosure and eviction.

We are asking the Board to consider one of these options for Mr. Hummel. Mr. Hummel will be present at this meeting to discuss with the Board.

# **KVCOG Letter of Support Request**

Kennebec Valley Council of Governments is looking to expand their planning services to include those in the sphere of emergency management. They feel that offering these services is more necessary than ever in light of the natural disasters that Maine has been subjected too through the past years. KVCOG will be applying for funding through the Federal Emergency Management Agency's Building Resilient Infrastructure and Communities (BRIC) Grant in order to fund these planning services.

Types of plans they are anticipating on being able to provide to communities include,
Warming and Cooling Center Operations Guides, Emergency Response and Operations
Plans and Continuity of Government Plans. KVCOG staff will work with communities to
write or update these documents with the goal of filling in the gap between the
capabilities of communities, the needs of the counties and the asks of the state.

To support their grant application, they are asking for letters of support from communities that are interested in these services. These letters would support the ask in demonstrating the desire for planning services as well as the need.

This letter is written in support of Kennebec Valley Council of Government's application to the Building Resilient Infrastructure and Communities fund titled "Increase preparedness capabilities through regional planning efforts".

The Town of Belgrade recognizes the need for emergency management planning that incorporates the whole community while simultaneously aligning municipal planning efforts with partners at the County and State levels. Much of Maine is reliant on small municipal offices where employees are responsible for multiple roles. This has left a gap in planning, leaving many critical documents outdated and unreliable.

The Town of Belgrade looks forward to the opportunity of extending our long partnership with Kennebec Valley Council of Governments into the field of emergency management.

Any written complaint received by the Town of Belgrade dealing with the ACO will be given to the Town Manager who will notify the ACO the same day the complaint is received by the Town. The Town Manager will investigate all written complaints and report his/her findings to the Selectboard and the ACO for review and action.

# TM Report

Delta will attend the February 6 meeting to answer questions regarding the rate increase to municipalities.

The Comprehensive Plan Committee will attend the February 6 meeting to give a presentation to the Board.

The Roads Committee will be meeting this month to begin work on paving recommendations to the Board

The annual audit is scheduled to begin the week of January 22.

Office staff have been busy preparing for the audit, launch of TRIO web, the spring newsletter and budget/town meeting.

CSX will be doing some road work in late spring/early summer with roads closed 1-5 days on the Bartlett Road, Depot Road and Augusta Road Rte. 2.

Updated tax maps should be completed soon as we continue work with CAI on map digitization.

Parks and Recreation Director Dan MacGlashing, Jamie Dionne and myself will be meeting this month with RSU 18 Superintendent Carl Gartley to discuss the trees at the Kenneth Workman field and bring back information for the Board's consideration at a future meeting.

I attended a work session with the Planning Board and KVCOG to continue work on the LD 2003 mandates for municipalities to update ordinances for increasing housing.

I attended the Comprehensive Plan Committee meeting January 10, reviewing the Transportation and Housing chapters of the Comprehensive Plan.

I will be attending Health Officer continuing education this spring. The class scheduled for January 10 was cancelled due to inclement weather.

Water District updates from Dwight Doughty, Jr. / Maine D.O.T.:

We continue our work on the design aspects for the proposed water system in the Belgrade Triangle area. We should have some preliminary designs ready for review by the end of February. If all goes well, we hope to advertise in the spring with construction in the late summer or fall of 2024. We plan to reach out to the affected property owners in the near term to provide an update on our work and to have them review, and if acceptable, sign an agreement to tie into the water supply. We will ensure you remain in the loop as we move this forward.

With respect to the two well claims in Pinkham's Cove, we have concluded that drilling new wells on these properties are not viable options, additionally, installation of treatment systems will be difficult given the size/design of the homes. In light of this, we have contacted an abutting property owner for permission to evaluate the possibility of installing a shallow, dug well to service the two affected properties on the adjacent property.

Additionally, we have resolved well claim at 19 Depot Road. A new replacement well was installed and the old impacted well was properly abandoned. We are tallying the costs associated with his work and will send you an invoice for your half in the near term.

Kennebec EMA is offering a G-402 NIMS compliance class on January 22 at 6 p.m. in Winthrop. This class is required by FEMA for local/county/appointed/elected officials to ensure municipalities are NIMS compliant.

#### What is NIMS?

The <u>National Incident Management System (NIMS)</u> guides all levels of government, nongovernmental organizations and the private sector to work together to prevent, protect against, mitigate, respond to and recover from incidents.

NIMS provides stakeholders across the whole community with the shared vocabulary, systems and processes to successfully deliver the capabilities described in the <a href="National Preparedness">National Preparedness</a>
<a href="System">System</a>. NIMS defines operational systems that guide how personnel work together during incidents.

Regina Coppens has graciously offered to begin planning for the annual candidate forum which will be held sometime in February. Details TBA.

During the Selectboard/Budget meeting January 8, the question of what is LRAP (Local Roads Assistance Program) came up (this is included in the Public Works warrant article as an offset to the budget). Peter Coughlan, Director of Maine Local Roads Center (LTAP) graciously provided a quick summary simply put:

- It's 9% of the Highway Budget of DOT...last year about \$25M...... comes from gas tax money
- Apportioned to every ME town, city, Indian reservation (486) and is based solely on each town's inventory of local road mileage and State Aid/minor collector roads....... \$53,920 for Belgrade last year.
- It's for capital improvements to local roads and is NOT maintenance or plowing money.

I spoke with David Allen of the Maine Department of Transportation about permanent signs at the Center for All Seasons and sent a sample for his review. I am awaiting word back from him on their decision of this request.

The Comprehensive Plan Committee will meet again this month on January 31 at 5:30 p.m.

We will be setting a date to meet with the property owner for the potential new fire station, I have included another copy of the purchase and sale agreement for your review. If there are any changes, please contact myself, Fire Chief Dan MacKenzie or Building Committee Chair Bruce Galouch.

With the presidential primary coming up on March 5, we would like the Board to consider expanding voting hours from 8 a.m. to 8 p.m. to 7 a.m. to 8 p.m. We feel this would help even out large crowds and provide an opportunity for folks to vote before they make it to work for the day.
