Subject: Pavement Preservation Project – Ultra-Thin Bonded Wearing Course
FEDERAL Project Number 2662810 / STATE Project Number: 026628.10
ROUTE 27

Dear Ms. Nichols:

The Maine Department of Transportation is currently working on estimating an Ultra-Thin Bonded Wearing Course pavement preservation project on Route 27 in the Towns of Sidney, Belgrade, and City of Augusta for advertisement of the subject project for competitive bids in March of **2023**. Construction will occur during the summer months of **2023**; exact start and completion dates will be forwarded once a schedule from the Contractor has been reviewed and approved. After the new pavement is placed, no permit to open this segment of highway will be granted for a period of three years except as provided in Title 23, M.R.S.A. §3352.

The project is further described as follows:

Beginning 0.03 of a mile north of Darin Drive in the City of Augusta and extending north 6.21 miles.

The purpose of this letter is to make the necessary notifications of the project to abutters, municipal officials and occupants of the highway under the provisions of 23 M.R.S.A. § 3351. We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for utility and/or land-use planning/permitting, and that you post this letter on any municipal public bulletin boards, media outlets and/or municipal websites as public meeting will not be held regarding this project unless specifically requested by the municipality.

The Department would like to know if there are any events or known traffic generators that would impact this project. Should you have any questions, concerns or other areas of interest, we would appreciate your comments and input. Please feel free to contact me at (207)-215-4051 with any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads 'Douglas C. Coombs'.
